Charges considered against Camp Grayling ammo thieves

Authorities are considering what charges to level against the suspected thieves who made off with weapons and explosives from the National Guard camp in Grayling July 29.

The FBI says it knows who broke into the camp's ammunition dump, but are awaiting word from the U.S. district attorney's office before seeking warrants.

State police, acting on a tip, Tuesday recovered the last batch of plastic explosives, TNT, anti-tank and mortar rounds buried near U.S. 131 near here.

On Monday night, police found boxes of explosion simulators, used in practice war maneuvers, TNT and plastic explosives hidden in some weeds in rural Kent County. Earlier, some of the stolen weapons were found within the Guard camp at Grayling.

The FBI gave no other details on the suspects, but said they had confirmed the theft was not carried out by any terrorist group.

Guardsman charged in stabbing

A National Guardsman from Lansing was arraigned before District Judge Francis L. Walsh last Tuesday on a charge stemming from the alleged stabbing for another guardsman at Camp Grayling Friday.

Lawrence J. Wade, 21, demanded preliminary examination on a charge of assault with the intent to do great bodily harm less than murder. He is lodged in the county jail in lieu of \$5,000, pending exam on Tuesday.

Daniel J. Grindel, 18, of Three Rivers, remains in fair condition in Munson Medical Center, Traverse City, suffering from a knife wound. Crawford County Sheriff Joe White said the alleged stabbing occurred during a argument.

High Number of B&E's Plague County

Along with last week's high temperatures, Sheriff Joe White also reported an unusually high number of B & E's in the county. In the week's activity his office investigated 18 B & E's. In other major activity the Department was also called out to investigate 20 disturbances, most of which were loud parties.

White's officers had one of their busiest weekends of the summer, with over 81 calls being logged. Among the activities which kept deputies on the road were: 8 malicious destructions, 10 ambulance runs, 5 larcenies, 6 property damage accidents, 5 marine complaints, 1 personal injury accident, 4 D.U.I.'s, 1 assault on a police officer, 3 trespassers, and 1 fire.

Sheriff White has also asked county residents to be more considerate of the handicapped and the special areas marked off for their use at the county building. Officers will ticket any vehicles parked in the handicapped parking areas which do not belong.

Bud Guest Will Speak at Kirtland

On Friday, September 5, Edgar (Bud) A. Guest, Jr. will speak in Kirtland Community College's Auditorium. For 36 years Michiganders, who tuned in to WJR Radio in the early morning, heard his show "On The Sunny Side of The Street", a show considered as essential to starting the day as a cup of coffee. His program touched on a variety of subjects, always with home-spun humor.

Guest, the son of the late Edgar A. Guest, Michigan Poet-Philosopher, continues his "Sunny Side" approach to life. For over two decades he has generated laughter at banquets and at other special occasions across the country and in Canada.

When he speaks at Kirtland, it is expected that many of his fans will come to hear him, knowing they will receive a good dose of cheer and inspiration as well as personal nostalgia.

The talk by Guest will be the first event of the entertainment 1980-81 series sponsored by Kirtland. A general admission ticket for Bud Guest is \$3.50 or \$2.00 for senior citizens and KCC students. For information about season tickets call (517) 275-5121.

Sinatra Spurs Bear Morgan Fund

by Willie Cusick

A check of fifteen hundred dollars, from Frank Sinatra, to Bear Archery's charitable endeavor, for little Morgan Rowe, the accident victim, of Gainesville, Fla. spurred added interest in the fund, Florida and outlying States, opened their hearts and their checkbooks, to accomplish its eighteen thousand, six hundred dollar (\$18,600.00) goal, in record time.

As of Aug. 9th, the outstand-

ing medical bills, have been covered, Forty-three States and two foreign Countries, have sent their gifts. Donations are still coming in and will be used for Morgan's education. Also the anticipation, of a new bicycle for Christmas, sparks his determination, to be able to ride one by then.

It was interesting to note, that Michigan sent the third largest contribution, exceeded only by Florida, his home State, and Georgia, his former home.

Morgan is now in the Scottish Rite Hospital, in Atlanta, Georgia, recuperating, from his 28th surgery, to repair damage to his right arm, of which he has only limited use. His left arm was severed in the accident. He is expected to be returning to his Gainesville home next Thursday.

Before entering the hospital, Morgan sent a letter of gratitude, to the Bear Archery Co., and its personnel, that has made it all possible.

State Police In Operation CARE Over Labor Day Weekend

Motorists in Michigan and those visiting in the state are urged to cooperate in the State Police "Operation Care" program for traffic safety during the Labor Day weekend, Friday, August 29 through Monday, September 1.

The traffic services division of the State Police reports that about 200 additional troopers will be involved each day in this holiday effort. These extra officers will be those who will be

working longer shifts or on their days off, the division noted. Statewide the additional patrol hours will approximate 6,000 for the holiday period.

"Operation Care" traffic patrols have been active during the summer holiday periods since they began in 1977. Most of the other continental states also participate in this effort.

"Care" goals involve policing the 55 miles per hour speed limit, motorists who drive under the influence of intoxicants, following too closely, improper lane usage, improper passing

and promoting seat belt usage.

Motorists are reminded by Capt. Paul Ruge, commander of the State Police traffic services, that seat belt usage can be protective of their safety in event of accident. He noted that of the 42 persons killed in traffic accidents in Michigan during the July 4 and Memorial Day periods this year, only one was wearing a safety belt. This See Operation on Page 2

Vikes Plan for Season

by Michael Delp

If Head Viking Football Coach Bill Klinger's enthusiasm is any indication, local football fans should have their share of exciting Friday night action. The Viking squad, according to Klinger is "young and inexperienced, but we've had our largest tryout in 4 years with 42 boys on the field. Twelve are returning lettermen and seven starters are back with us." "The team compares well with last year's Vikings, added Klinger, "We have decent size and good overall team speed," who is in his fourth season as head coach.

The Vikings will be led on the field by two outstanding quarterbacks—See Vikings on Page 16

If We Are Lucky!

by Harrison Goodhue

The Shuralets-Evelyn and Nick-know they are lucky!

First, because they are in their 70's, just in, you understand, but in, nevertheless, and are enjoying excellent health, and are having a ball, literally, being a part of, and doing volunteer work at, the Senior Citizens Center.

Second, because they are here, here in this great United States of America, and nobody knows better than these two how truly great it is to be alive and living in this Nation of ours.

Because, you see, Nick was born in a wheatfield—that's right, a wheatfield—near Zolalotir, Russia. His parents were serf-litarily bound to the land. But, in 1913 when Nick was four, overcoming barriers 99 out of a 100 would have said impossible and never tried to overcome, his Mother and Father were able to emigrate to America, and landed in Hamtramck, a suburb of Detroit, Michigan.

His parents were hard-working, frugal, and persevering; and, after Nick graduated from Hamtramck High School encouraged him to go to Kalamazoo and work his way through College. He did, obtained his degree, and for the next 40 years was a Teacher and Physical Education Coach.

paralleled the negative statistics of last year, he said, when study of the 60 persons killed in accidents during the summer holiday periods disclosed only one had been wearing a belt. Use of the belts in some of those fatal accidents might have saved some lives, he felt.

Captain Ruge said the State Police appreciate the assistance of the news media in getting the safety message across in the past "Operation Care" campaigns and he also thanked the members of the 50 citizen band organizations who have helped in various ways during the holiday safety program.

BEING ALONE
Have you ever thought about this: Being alone with your thoughts could be described as "boring from within."

Lucky
(Continued from Page 1)

And, if you visit the Michigan Coach's Hall of Fame in Mt. Pleasant you will find Nick's picture and record engraved there for all to see.

That achievement came not from being lucky—that was earned by dedicated hard work!

Evelyn was born Evelyn Shlop in a Navy Hospital in Sonatov Russia because her father served in the Royal Russian Navy. When she was three years old her family came to the United States and they, too, eventually settled in Hamtramck.

Now Nick and Evelyn both graduated from Hamtramck High School but they never knew each other there. But, one day after graduation, Evelyn's mother had her drive her to the local Fruit and Fish Store, owned by the Shuraleff family, and her mother pointed out this good looking young Russian boy, son of the owners, named Nick. Evelyn thought he was awful looking with his close crew cut hair and oversize un-fitting work clothes.

A few weeks later, while enjoying an evening of dancing at the then fabulous and beautiful Greystone Ballroom in Detroit where all the great "Name Bands" came to play—the Tommy Dorsey's, the Glen Millers, and Wayne King the "Waltz King"—she admired an exceptionally nicely dressed and handsome young man dancing with a very pretty girl, and, was dumbfounded to recognize Nick. Nick recognized Evelyn too!

She still didn't think she liked him, but it wasn't long before there was a wedding.

That was 46 years ago, in the middle of the Depression. Life

was tough, you had to work hard and really scrimp, but they made it and produced three children. Today there is one grandchild with a second soon to make his entrance into this World.

Four years ago Evelyn and Nick came to live in their son's house here in Grayling, not far from the Senior Citizen Center. They didn't know a soul in Grayling, but they checked the programs at the Center, and, after a few lunches and bingo games, they volunteered to serve the lunches and help the older and handicapped folks. The people at the Center were so friendly they fell in love with Grayling and bought a home of their own here in town.

Shortly after that, the Shuraleffs, who always loved to dance, volunteered to have a social dance class at the Center. It is still going strong after 3½ years and is one of the most popular activities of the Center.

Everybody comes for dinner on Tuesday Evening and stays afterwards to dance until 9 p.m. Some of the regulars can't dance any more, but they keep time to the music and enjoy watching those who still can.

Evelyn and Nick believe in exercise and activity to keep the body healthy and the mind alert and vigorous—and they are living proof of their creed.

They lend their talents and vigor to most of the Center's activities and inspire almost everyone they come in contact with a will to "get out there and try!" You never know what you can really do unless you try!

Yes, Evelyn and Nick are lucky!

Lucky that their forebears had the courage and the will to emigrate to this great Nation of ours. Lucky that they too, had the courage and the will to use the opportunities this Country offers to climb the ladder of achievement.

Lucky that their sturdy parents endowed them with sound, healthy bodies and good minds, so that in these golden years of their lives they can help their friends and neighbors—Seniors, too—enrich their lives with shared activities, companionship and fun!

As Evelyn says: "Thank God for the Senior Center—it is a place to keep you young in body as well as in mind—a place to help your fellowman in grateful appreciation of all the good things life has given you!"

And the Community is lucky to have Seniors like the Shuraleffs and a Senior Citizens Center.

From Our Corner ...

Roasting Da-Judge was a BLAST!

Anyone missing this 1st annual Roast put on by the Grayling Winter Sports Carnival Committee missed with out a doubt one of the more entertaining evenings of laughter and fun by a group of local citizens making fun of each other...

The event was a financial success with proceeds totaling over \$1,000 which will go toward financing this coming year's Winter Carnival...

A group of 17 local people formed the panel and each and every one tossed barbs and told of the earlier year's of da'Judge...that kept the 243 persons attending in a state of laughter throughout the program...

Judge Emil Kraus, the roaster, had his rebuttal at the end and had his fun at the expense of his roastees...it was an evening of laughing at your self so to speak because no one went without a barb thrown in their direction...

We do want to mention here that many people made this evening the success it was...we would like to name all of those who gave their time to help, but I am afraid we would miss someone...

We didn't know until it was all over that the gals that served the dinner and the orange pop, gave their evening to the cause besides the bar tenders and ticket sellers...to all of you a tip of the derby and bouquets for all in giving your time for this worthy cause...

We will mention here a few of the ones who spear-headed the roast and are on the Winter Carnival committee: Marty VanDeVen, Jim Shively, MC for the evening; Cal Walls, and Sharon Tinker headed up the preparation of the dinner.

It was FUN!...we look forward to next year's roast, and may add who ever is to be picked on...this year's guest of honor will be a hard act to follow...

May we just add that we didn't know we had so much talent among some of our businessmen, insurance men, real estate salesmen, banker, druggist, ladies fashion store, and super retiree, etc...

Again...it was an evening of fun...

We have been asked a few times lately on the progress of the M-72 West railroad crossing...we heard that just lately property to be used as detour has been approved and that it should be some time in the fall that the work will be completed...then I won't have to worry when we head for T.C....it certainly will help the image of Grayling for people passing through our city...

Now with a few bucks here and a few bucks there the City of Grayling will be able to have more of our city streets curbed and guttered...

Also, we haven't heard of late about I-75 Business Loop through Grayling...that too is in dire straits for improvement...we did hear that specs have been taken on the project...all we can hope for is that it doesn't take as long as getting the track crossing off the drawing board and into actual action...

Still can't get over the roast...we're sure that has to be one of our most interesting evenings out...I don't think I've laughed that much in a decade...at least at one setting...

I know we join many people in wondering where did the Summer of 80 go...when you read this there will be but five days before Labor Day...this almost sounds like count down for Christmas, and that thought just came to mind, before we know it St. Nick will be around...we do have some solace before '81 makes it's debut...fall in Northern Michigan can be the most beautiful time of the year...and along with the crisp nights and mornings, the sun warms the day...children are back in the class room (sorry R.J. and Delp)...football is on the scene...soon the frost will be on the pumpkin...and then comes the snow flakes, to some they are beautiful, to us, we wish we had our druthers...

We cheated again this week, we filled this turkey Sunday afternoon, gives us more time on Monday...have a safe and sane Labor Day weekend...we want you to be able to read this turkey this week...

Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO.

Michigan's famed Ausable River will be the scene of the 11th Annual Michigan Canoe Marathon on Saturday and Sunday, August 31 and September 1, when an expected total of thirty canoes will race 240 miles non-stop, from Grayling, in the central part of the state, to Oscoda on Lake Huron.

Many sportsmen from all parts of the United States consider this canoe racing event to be one of the toughest tests of endurance and spring skill held anywhere. Only eleven of twenty-seven starters finished the gruelling race last year.

Chamber of Commerce officials from Grayling and Oscoda estimated that 50,000 spectators watched the race last year at the starting and finish line and from the dams and bridges along the Ausable. Many followed the race through the night to cheer their favorite paddling teams and to pass food and water to paddlers.

Well over 70 sports cars of all makes attended a rally and time races held at the Grayling McNamara Air Base last Saturday and Sunday. Most all who attended were members of the Detroit Regional group of the Sports Car Association of America.

The Bible Speaks

From Calvary Baptist Church

A Personal Plan For National Success

The next five years may well be the darkest hour in U.S. history, yet we as individual Americans hold the key to future blessing or destruction. There are four basic steps each of us must take to restore our nation to her greatness.

1. As individuals each of us must claim the promise of God in 2 Chronicles 7:14 & repent for the sins of our nation as Isaiah did in Isaiah 6:5. We need to fight immorality and support legislators and legislation to band immorality. For example, vote for candidates who oppose abortion. Push for a constitutional amendment to out-law abortion. You say it will not stop abortion? True, but it puts the sin upon the guilty individual instead of our nation. It puts the laws of our land in harmony with the laws of God. We should not rest until every law of our land squares morally with God's Word, the Bible.

2. As individuals each of us

must claim the promises of God in Genesis 12:3 concerning blessings upon every nation which supports Israel. We need to pray for Israel. We need to vote for pro-Israel candidates. We need to oppose all government action against Israel by letters, telegrams and phone calls to our leaders in Washington. We need to praise our leaders when they come to the aid of Israel. As we cut Israel, we will bleed. As we help Israel, we will be healed. Our continued support of Israel as a nation is paramount to our continued existence as a world power until Christ comes.

3. As individuals each of us must become evangelistic, Bible-believing Christians. We manifest this by reading God's Word, the Bible; by praying on a regular basis; and by witnessing to others. We are observed actively supporting a local Bible-believing church by our attendance. (Hebrews 10:25). Our practice of God's Word needs to match our profession. "But wilt thou know, O vain man, that faith without works is dead?" (James 2:20). We will allow the person, work and word of our Lord Jesus Christ to control our lives.

4. As individuals each of us must become supportive of Christian Education. The national reformation of the 90's will be led by those students training in Christian Day Schools today. For a generation we have observed in "Depression" parents a desire for their children to "have" something rather than to "be" something. Money replaced Morality as a quality standard, and as a result we are losing both. When the Bible and Prayer were removed from the classroom, anarchy and immorality swept our nation like a plague. The opening of 3 new Christian schools per day across the U.S. is clear evidence of God's leading in this great awakening. Will you and your family be a part of God's plan or will you be left in the dark? (adv.)

Building a strong business is no accident. So don't let an accident destroy it.

Your successful business could be wiped out in a single day. How? By losing a large lawsuit not covered by your basic business insurance.

Aetna's Commercial Umbrella Policy is the answer. It provides million dollar liability protection—and more. And because Commercial Umbrella coverage applies only when your existing coverage is exhausted, the cost is surprisingly low.

You can't prevent every loss, but you can prevent the loss of your business. Give us a call. We'll recommend the Umbrella coverage that's right for you.

Think Positive. Think Aetna. Think...

U.P. & State Benchrest Rifle Championships

On Sept. 6th the U.P. Ben-
chrest Team Championship for
9 lb. sporter Rifles will be shot
off in Sault Ste. Marie. Then on
Sept. 7th the Michigan State
Varmint Rifle Championships
will be fired. Both events are
sponsored by the Chippewa
County Shooting Association.
The State Championship is sanc-
tioned by the National Ben-
chrest Shooters Association.
Up for grabs in the U.P. Team
match is the Tony's Gun Shop
Perpetual Trophy. The match is
not restricted to U.P. teams and
downstate shooters are invited
to come up and "take the
Trophy home if you can". Since
the Tony's Gun Shop Trophy was
put into competition in 1976
it hasn't left the Eastern U.P.
The team to beat is the Cozy
Corner Rifle Club from Bar-
bare. They have won the trophy
3 times in the last 4 years.

1980 is the first year that the
Michigan State Varmint Rifle
Championships are to be held in
the U.P. Last year they were
held at Ada, a small community
near Grand Rapids. State
Champion in 1979 was Roger
Avery of Sault Ste. Marie.
Roger has a decided edge in
defending his title in 1980
because he will be shooting on
his home-town range.

All riflemen who would be in-
terested in more details on the
Championship matches should
write to: Joe Haller, 4453
Nicolet Rd., Sault Ste. Marie,
Mich. 49783.

RICHARD MILLIMAN

Few things are certain at this point in this exceedingly political year, but one fact which borders on certainty is that the rules for selection of delegates and nomination of presidential candidates will be inspected closely, and—in all likelihood—will be changed once again before another presidential year rolls around.

If the subject weren't so serious, it would be laughable—with reference here to the Democrats' dilemma over the "faithful delegate" versus the "open convention" rules.

You don't need too long a memory to recall how the "faithful delegate" rules came into effect for the Democrats. It was part of the populist sweep of political rules, pushed by such as Sen. George McGovern and the late Hubert Humphrey, who wanted to make the political process pure and accountable directly to the people.

The irony of 1980, of course, is that the reformers of the past became skewered by their own principles; it has been downright laughable to see the reformers and so-called "liberals" of the Democratic party scurrying to scuttle what they had so carefully crafted a few short years earlier.

Detroit News Columnist Jerry terHorst, an old Washington hand, wrote of the current situation shortly before the convention got underway:

"We ought not mistake disorder for disorganization. Today's Democratic Party, if anything, is over-organized."

"In the name of reform and political purity, Democrats have so pasteurized the party's structure with rules and regulations, quotas and formulas, that the delegates are afraid to scratch where it itches. Somebody back home might be watching, and complain to Common Cause or the League of Women Voters."

What happened, of course, is that Jimmy Carter—first as a candidate in 1976 and again as an incumbent and dandiate in 1980—embraced the reformers' rules, mastered them, and used them to his own benefit which, as cruel political fate would have it, turned out to be against the tide of the purists and reformers as of today.

In my book, Mr. Carter's pre-convention stance was proper and

inevitable: The delegates, selected by a certain set of rules, should operate by those rules. If the rules need changing—and, again in my personal view, they do—then they should be changed, but not in the middle of the process.

As a matter of fact, we out in the hinterlands simply must wonder if the widespread trauma over an "open convention" really was as widespread as we were led to believe.

Isn't it just possible that as the Democratic convention approached with all the suspense and drama of a bagel baking contest, something...almost anything...was needed to drum up some excitement?

Isn't it just possible that the "open convention" controversy could be on the level of the Ford vice presidential "boom" at the Republican convention, meaning it really was a germ of fact that was blown into an epidemic of hoopla by self-serving politicians and media folk with little else of genuine interest to exploit?

In any event, we're almost off and running now, with the White House and the leadership of the free world at stake. It's no laughing matter.

Polls taken just before the Democratic convention and at the time the Billy Carter controversy was at its peak showed the President at just about the lowest point of public endorsement since polling was begun.

At least one pollster talked openly of 1980 being similar to 1952 and 1932. In 1952, Republican President Eisenhower swept the country and carried into office a host of GOP candidates, including enough to organize a Republican Congress. In 1932, Democratic President Roosevelt swept the nation, including Congress, and inaugurated political and social upheaval which still influences our nation.

Whether the Reagan attraction (or the Carter disaffection) will reach that deeply is problematical. Certainly Carter's fortunes will rise in the public esteem in the wake of the Democratic convention; that's the way it always works.

But 1980 has been a strange year so far, and it could be stranger still. Don't bet against the unusual.

LITTLE LEAGUE CHAMPS—Left to Right: Coach Dick Myers, Billy Reichelderfer, John Schriber, Jason McEvers, Dave Myers, Dave Nielson, Coach Mark Willoughby, Mike Bunn, Kevin Hudson, Eric Methner, Barry Methner, Dave Breen, and Coach Mike Shearer. Missing from picture is Joe LaGrow, and Tim Zigila. (Dave Sherbert Photo)

Millikins Construction, coached by Mike Shearer, Dick Myers, and Mark Willoughby, captured 1st place and became the 1980 Grayling Little League Champions by defeating McDonalds 15/5.

After downing Foodland in the season opener 19/15, the Champs went into a 3-game losing streak, losing to McDonalds 9/5; Legion 6/4; and Milltown 7/5. At that point, the coaching staff informed the team that their time had come to turn the tide, and turn it they did. After defeating Grayling State Bank 14/2, Millikins Construction went on an 11 game winning streak.

Leading the league at that time was Milltown Realty, coached by Jerry Morford and Ted Kortjes. Holding a firm grip on 1st place, Milltown went undefeated until June 16, when, behind the excellent pitching of Barry Methner and outstanding offense and defense from the rest of the kids, Millikins defeated Milltown 6/3. From then on, and even though Milltown was ahead by 2 games, Millikins knew it was their year.

The champs went on to defeat the Bank, coached by Dan Sattler and Mike Palmer 13/6, and Foodland, coached by Jerry Kravys 14/9. At the same time, Milltown Realty, riding on a 2 game lead over Millikins, lost some decisive games to Grayling State Bank, McDonalds, and another loss to Millikins 10/4. Finishing the season with an 11 win-4 loss record, the Milltown team carefully watched as the League Championship slipped from their hands.

Always a threat to any team was the Legion Team, coached by Mike Hauxwell and Dave Sherbert. After winning a close game 11/10, Millikins, with a record of 11/3, faced the well coached team of McDonalds. Ray Lange, Bill Klinger, and Mike Branch combined their talents to lead their kids to a hoped for win over Millikins. Should Millikins win against McDonalds, the championship would be sewed up, but a loss would send Millikins and Milltown into a possible Championship playoff. However, after scoring 9 runs in the sixth inning, the taste of victory was in the minds of Millikins Construction, and the rest is history.

Members of the championship team include the following 12 year olds: Barry Methner, whose arm mowed down many a player over the last 3 years, as

by Michael Delp

Rainer Maria Rilke, a German poet, called it "blood remembering". Others call it mulling an idea or simply waiting for the words. Hemingway spoke of the forces which brought the words out, then lived the last few years of his life in fear that he had forgotten the subtle ways of the creative process. For my own part, as a writer, I prefer "blood remembering".

I offer you the following excerpt from a longer series of prose poems I have "waited" over, since I first saw the AuSable ten years ago. I bring this single piece of writing to you more in a spirit of believing in the mysterious and the instinctual, than in the thought that there are always explanations to the millions of occurrences which happen every day.

La Leche League To Meet

If you have considered breastfeeding your baby, but have questions about this womanly art, contact the Roscommon La Leche League. This month's meeting, "The Art of Breastfeeding and Overcoming Difficulties," will be held on Thursday, September 4 at 7:30 p.m. at 6831 Rhodes Rd., Houghton Lake. The discussion for the evening will include encouragement and information on how to establish a happy nursing relationship.

La Leche League believes breastfeeding gives the best possible start in good mothering and helps to develop and deepen the close relationship between a mother and her child.

A series of meetings are held in members' homes, to acquaint those interested with the physical, practical, and psychological sides of breastfeeding. Expectant mothers are encouraged to attend the series before the baby arrives. Nursing babies are always welcome. For further information, or for breastfeeding help, call Gayle Willett at 275-8385 or Carolyn Crist at 275-8431.

Strolling Around Town

by Fay Bovee

My award for the bouquet of the summer this year goes to the Clark Station at the corner of Lake and the business loop for their ceaseless effort in keeping out the weeds, watering their flowers and in general keeping up a very neat business establishment. There has generally been a tremendous improvement in the town this past year and I hope it keeps up.

There has been some new black-topping going on at the Dairy Queen to improve the parking area.

It seems a shame that the first frost is only a matter of days away which will take many of the beautiful marigolds that have been blooming around town just when they are at their nicest. Some that I haven't mentioned this summer are Gust's Automotive, the George Hilton's, the Dr. Henigs, Mrs. Beuhel Moore, and the Sam Moss' who all have had nice flowers.

The Don Gravelyns on Maple have their entranceway repaired after the truck demolished it, and across the street, the old "painter Jensen" house has been completely remodeled and looks very nice.

I'm still issuing warnings to cyclists and walkers on Maple Street at the bridge, our local drivers are still losing control when they come across the bridge and someone is going to be hurt there yet. So watch yourself!

Our friendly woodchuck is back, after being caught and dumped in the woods, I think he must have smelled our broccoli and came back!

LABOR DAY

We salute "labor" on its day.

We salute the contribution labor has made
and is continuing to make in building our nation.

The term, "laborer" is all encompassing. The stenographer, the salesman, the factory worker, the farm worker, the corporate vice president, all are laborers in their own right.

To these people...to all who labor for peace,
prosperity and happiness...we salute you.

Women's Softball League
by Nancy Lemmen

It took the Women's Softball League All-Star Team to defeat first place Northern National Bank after their perfect 16-0 season. But win they did, in an exciting, well-played game on Wednesday, August 20.

For the second year in a row, NNB (formerly Frederic Inn) dominated the League. But for the second year in a row, the All-Stars came out on top, this time by a score of 12-7.

The Bank jumped to a 4-0 lead in the bottom of the first inning; and by the end of the second still led, 7-2. From that point on, Northern National was held scoreless, while the All-Stars continued to accumulate runs as the innings wore on.

Winning pitcher was Red Barn's Tami Goss, who relived starter Pat Kucharek of Dave Ross Builder in the fourth. Pat Lugview pitched for the Bank.

All-Star coach Dave Sabin, of Krumrei Beverage, declined to single out an outstanding player, stating only that the entire team played an excellent game; and what one woman failed to do at the plate she made up for in the field. Nevertheless, Lisa Radebaugh's (Krumrei Beverage) in-the-park homerun and short-stop Debbie Zelek's (Ray's Canoe) spectacular defensive plays helped give the All-Stars the momentum needed to overcome their early deficit.

Northern National Bank, coached by Dave Stephenson and Larry Yoder, includes: Sandy Brogger, Marilee Cheney, Carlene Englund, Mary Goss, Barb Grant, Karen Hanson, Pat Lugview, Becky McEvers, Jeri Selthoffer, Elaine Sirvula, Bev Small, Ann Stephenson, Carol VanNuck, Jody Wiltse, and Joanne Yoder.

This year's All-Star roster included: Tami Goss, Red Barn; Jody Martella, Diana Savallisch, Milltown Traders; Sue Anthony, Grayling State Bank; Debbie Zelek, Ray's Canoe; Terry Schlehuter, Pro-Mart; Nancy Harwood, Brenda Hoard, Katie Jewell, Pat Kucharek, Diane Lee, Dave Ross Builder; and Nancy Lemmen, Lisa Radebaugh, Krystal St. John, Jean Stevens, Krumrei Beverage.

Summer Rec. Program Ends

The week of August 18th-21st was the last week of the Crawford County Youth Services Bureau Summer Recreation Program.

On August 19th 23 youth went to Sleeping Bear Sand Dunes, we had a picnic lunch, climbed the Dunes, (it was a lot easier coming down than it was going up!), and visited the gift shop.

On August 20th we took 10 kids down river, then in the afternoon 8 participants went to play miniature golf.

The Recreation Program started on June 16, 1980 and ended on August 21, 1980. It was a great summer of fun, and I hope the participants enjoyed themselves as much as I did.

I would like to share with you some of our better attended activities of the summer.

On June 16th we had 16 youngsters go bowling, June 17th 20 young people went rollerskating, June 19th 21 kids went on a Fire Department tour, June 25th 22 youth went to Bear Mt. Museum, June 26th had 27 participants for a picnic at Hartwick Pines, the Camp Grayling tour was our biggest event with 31 young people participating. Fourteen 6-10 year olds went to the putt-putt tourney on July 7th, the canoe trip on July 24th had 15 participants. The 6-10 had 22 kids for rollerskating on July 31st. August 6th found 20 kids going bowling. On August 13th the Summer Recreation Program took 27 youth to Mackinaw Island.

The Summer Recreation Program, from June 16, 1980 until August 21, 1980, has served 446 youth of Crawford County.

At this time I would like to thank the following people and organizations for making our Summer Recreation Program a very big success:

Skip Madsen, Ray's Canoe Livery, Hanson Hills and Fred Bear Museum, Mr. Gust (Pine Knoll), Ralph Heisel (American Legion Lanes), Carl Lugviel, Randy Reed, Carlises (Mr. and Mrs. Lovely), McDonald's, Crawford County Sheriff's Department, Camp Grayling, Grayling Fire Department, Family Recreation of Prudenville, Staff of Sleeping Bear Sand Dunes, Aronold Transit Lines Mackinaw City, Staff of Mackinaw Island, Michael Redwine, Staff of the Traverse City Zoo, and the Staff of Hartwick Pines.

Next year we are looking forward to running a similar program with many of the same activities and a few new ones. The program ran fairly smooth and the kids were great! The only hassles were transportation and some kids did not come when they were signed up for an activity.

Hope to see you next year!

Yours for youth

To the Editor,

We of the K of C-Lions Beer Tent Committee would like to thank everyone who helped to make our project a success. Our gratitude goes out to Chuck Fick for letting us use his property for the tent site. We would also like to thank the crew from K & K Masonry for the excellent job that they did on the dance floor. We received great service from Krumrei Beverage who made sure everything was working OK at all times. We would like to thank the members of both organizations who helped with the set-up, who worked the parking lot, ticket booths, bar, and those who helped with the clean up after. We are also thankful to the wives of our members who made the kitchen a success.

To make a project of this size successful with the small membership our clubs have we must rely on help from other people. During the day we had help from Angela Kirkum, Earl Westbrook, Charlie and Katie Baumgartner, George and Betty Richter and Melvin Prouse. Our special thanks to our Saturday night bartending crew of R.J. Hannan, Ed Martella III, Ron Latuszek, and Jim Bogie. These people did a fantastic job keeping all the patrons happy. Also helping us in the bar on other nights were Bill Klinger and Fred Wolcott. Special thanks to Tom Trenary and Duane Sloan.

To the people of Grayling, Crawford County, and the State of Michigan, you are the ones who are responsible for making this project a success and if you weren't there, you missed a good party. We thank you for your patronage and hope you will come next year and bring a friend.

News of Good Things Growing...

Sweet Michigan corn-on-the-cob, roasted on an open fire, and covered with creamy Michigan butter, is available now for summer meals, and picnics.

About three million acres of all kinds of corn, nearly 40 percent of our planted acreage, line Michigan roads and highways, as a constant summer reminder of the "good things growing" here and our state's second largest industry-agriculture.

Corn is Michigan's leading crop in harvested acreage and production value, worth more than three times its closest competitor. Total crop value for all corns—sweet, grain, silage, and popcorn—was an estimated \$625,000,000, according to the Michigan Department of Agriculture.

Sweet corn accounts for about 11,700 acres of this total. About eight million dozen ears of corn are harvested each year, to rank our state fifth in the nation for sweet corn production.

Sweet corn, as we know it, was cultivated in the early 1800's and is one of the few vegetables native to America, dating back to the Indians of Guatemala. When early settlers first came to this country, they saw corn, then called maize, flourish while their former staple crop, wheat, failed. Johnny cakes, hush puppies, corn muffins, and corn pone, all made from corn meal, are 100 percent American.

Fresh sweet corn's good flavor is quickly lost after it's picked because its high sugar content turns to starch as ears mature. To help keep the flavor, leave husks on and refrigerate until it's to be cooked.

For a listing of where you can stock up on sweet corn from pick-your-own farms and roadside markets, write MDA for a free brochure, "Country Carousels," P.O. Box 30017, Lansing, 48909.

Perry's Host Two Japanese

Mr. and Mrs. Steven B. Perry of Grayling were a Host family for two members of the OTSU Japanese Children's Choir. Atsuko Minemoto and Yasuko Geshi (above) from Otsu, Shiga Japan were the guests of the Perry's. Their itinerary included: shopping in the Grayling area, playing miniature golf, a tour of Kirtland Community College, a canoe trip, a visit to a local farm, a beach party at Higgins Lake, buffet eating at the Holiday Inn, a bonfire and roast on the AuSable River, and a visit to the Fred Bear Museum.

Their concert was held at 8:00 p.m. on Saturday, August 16th at Roscommon High School Auditorium. The audience gave the group two (2) standing ovations. Following the concert, a farewell party for the choir and host families, was held at Dorothy and George Frye's on Higgins Lake. Mrs. Frye served as chairperson of the Home Stay Committee. The group left early Sunday morning for Lansing for a concert at Michigan State University. They will then go on to California for a short stay and return to Japan on August 21st.

The program was sponsored by the Blue Lake Fine Arts Camp, the Roscommon Chamber Music Society Arts Council, and other contributors as part of an International Exchange program.

TO THE CUSTOMERS OF MICHIGAN CONSOLIDATED GAS COMPANY

(Published by Order of the Michigan Public Service Commission)

NOTICE OF PROCEEDINGS TO CONSIDER INFORMATION TO CONSUMERS AND ADVERTISING STANDARDS FOR NATURAL GAS SERVICE SET FORTH IN TITLE III OF THE PUBLIC UTILITY REGULATORY POLICIES ACT

On October 14, 1978, Congress enacted the Public Utility Regulatory Policies Act (PURPA). Title III of which, among other things, sets forth various standards for utilities including the Information to Consumers Standard and Advertising Standard.

In response to PURPA, the Michigan Public Service Commission (Commission) issued an order on May 2, 1980 in Case No. U-6490 which order, among other things, initiates proceedings to consider the Information to Consumer Standard and Advertising Standard, and to make a determination whether or not to adopt these standards.

Concerning the Information to Consumers Standard, though established in PURPA for electric utilities, the Commission has decided to consider the standard with regard to gas utilities as well. Section 113 of PURPA provides that each utility shall transmit to each of its consumers information regarding rate schedules not later than sixty days after the commencement of service or thirty days after application for a rate change.

This standard also provides that each utility shall, on request of a consumer, provide such customer with a statement of energy consumption, unless not reasonably ascertainable.

Finally, as part of its consideration of the Information to Consumer Standard, the Commission has directed all PURPA-covered utilities to address the following issues:

1. Describe all categories of information currently provided to ratepayers relating to the customer information standard, the level of use, and associated costs.
2. How ratepayers currently identify the proper procedure to calculate or verify individual bills. How are customers currently provided assistance in understanding the procedure and in calculating bills?
3. What changes, if any, in the current utility practices are necessary to achieve compliance with the requirements of this PURPA standard?
4. Identify any benefits ratepayers would receive from the adoption of this PURPA standard.
5. Describe types of information and delivery mechanisms which would be more useful or cost effective in meeting the information needs of utility customers.

As to the Advertising Standard, Section 303 of PURPA provides that no gas utility may recover from any person other than a shareholder any direct or indirect expenditure for promotional or political advertising as defined in Section 304(b) of PURPA.

Section 304(b) states:

"(1) For purposes of this section and section 303—

"(A) The term 'advertising' means the commercial use, by a gas utility, of any media, including newspaper, printed matter, radio, and television, in order to transmit a message to a substantial number of members of the public or to such utility's gas consumers.

"(B) The term 'political advertising' means any advertising for the purpose of influencing public opinion with respect to legislative, administrative, or electoral matters, or with respect to any controversial issue of public importance.

"(C) The term 'promotional advertising' means any advertising for the purpose of encouraging any person to select or use the service or additional service of a gas utility or the selection or installation of any appliance or equipment designed to use such utility's service."

"(2) For purpose of this subsection and section 303, the terms 'political advertising' and 'promotional advertising' do not include—

"(A) advertising which informs natural gas consumers how they can conserve natural gas energy or can reduce peak demand for natural gas energy.

"(B) advertising required by law or regulation, including advertising required under part 1 of title II of the National Energy Conservation Policy Act,

"(C) advertising regarding service interruptions, safety measures, or emergency conditions,

"(D) advertising concerning employment opportunities with such utility,

"(E) advertising which promotes the use of energy efficient appliances, equipment or service, or

"(F) any explanation or justification of existing or proposed rate schedules, or notifications of hearings thereon."

For its consideration of the Advertising Standard, the Commission has directed all PURPA-covered gas utilities to respond to the following:

1. Are the current practices of this Commission in compliance with the PURPA standard on advertising or its objectives?
2. Should the filing requirements related to allowable advertising expenses in Case No. U-5653 be extended to all jurisdictional gas utilities? If not, should they be extended to all PURPA-covered utilities? Would extension of the filing requirements on advertising place this Commission in compliance with the PURPA standard or its objectives?
3. What criteria and procedures should the Commission adopt to determine if individual advertising expenses qualify as allowable advertising expenses under the four categories outlined in Case No. U-5653 or any others that the Commission might adopt as a result of this proceeding?
4. In order to help the Commission formulate its determination on the preceding questions, the Commission requests the following information:

a. Define and present specific examples of the types of advertising which should be allowed under each of the four categories outlined in Case No. U-5653.

b. Define and present specific examples of the types of advertising which are appropriate to exclude from allowable

expenses under the objectives of Case No. U-5653, and the PURPA standard.

c. Each participating utility should file its total advertising expenses booked during the last 12 month period available.

d. Each participating utility should file its total advertising expenses allowed in the last rate case proceeding for which the Commission has issued an order.

5. Do any other categories of advertising exist other than the four listed in Case No. U-5653 and those of the PURPA standard which would properly qualify as allowable expenses under the objectives of PURPA? If so, demonstrate what benefits ratepayers receive and how.

6. Are any related activities currently expended to ratepayers primarily for promotional or political purposes and thus excludable from allowable expenses to be charged to ratepayers under the objectives of the PURPA standard? If so, demonstrate why this is the case.

By its Order of August 11, 1980 (as amended August 12, 1980) the Commission has directed that proceedings be instituted to consider the appropriateness of the adoption of the PURPA Information to Consumers and Advertising Standards set forth above, and that notice thereof be given by each PURPA covered utility.

Therefore, NOTICE IS HEREBY GIVEN that:

A) Gas utilities with sales for purposes other than resales of 10 BCF in 1978 subject to the jurisdiction of this Commission shall file, on or before September 19, 1980, the information and data indicated above with regard to the Information to Consumers Standard and the Advertising Standard as prepared testimony covering comments and/or Company position on the issues identified. Interested parties shall file their submissions at the same time.

B) Public hearings to receive comments and relevant data from interested members of the general public will be held as follows:

C) A public hearing with regard to the Information to Consumers Standard and Advertising Standard to receive evidence and schedule cross-examination of testimony from responding utilities, parties authorized to intervene under Rule 11 of the Commission's Rules of Practice and Procedure, and the Commission Staff will be held in the Commission's offices, Mercantile Building, 6545 Mercantile Way, Lansing, Michigan commencing at 9:30 a.m. on September 29, 1980, which hearing will be in the nature of a prehearing conference to explore and, if possible, agree upon matters which will expedite the proceeding including, but not limited to the following:

1. Determining the parties to the proceeding,

the nature of their appearances and the positions they are taking in the proceeding, as well as the facts they intend to controvert or give evidence of, all in accordance with the provisions of Rule 11 of the Rules of Practice and Procedure Before the Commission.

2. Simplifying and defining the issues in this proceeding.

3. Obtaining admissions as to, and stipulations of, facts not remaining in dispute, the authenticity of documents, and matters of public record.

4. Determining the number and identity of witnesses.

5. Specifying the schedule for the exchange of proposed exhibits and written testimony, and the reduction of oral testimony to written form.

6. Establishing procedures for the hearing.

7. Specifying a further schedule of dates of hearings.

8. Considering any other matters which may aid in the orderly conduct of the hearing and disposition of the proceeding.

D) These proceedings will be limited solely to the issues raised regarding the above mentioned Information to Consumers Standard and Advertising Standard. The Commission hereby gives notice that the record in these proceedings may result in administrative rulemaking, amended utility regulations and alternative rate structures where appropriate to attain equitable solutions to the problems identified herein. Only questions relating to the appropriateness of the adoption of the aforementioned Information to Consumers and Advertising Standards shall be considered as relevant for purposes of this investigation. Proposals structured so as to conform with revenue requirements for any utility shall be considered in the individual rate cases filed in the future.

The Commission is currently interested in eliciting from participating parties, data and proposals relating to the most effective means of establishing equitable policies in these matters. The specific questions raised are for the purpose of receiving evidence relative to achieving the stated objective based upon as full and complete a record as possible.

E) A copy of the Commission Order of May 2, 1980, the Notice of Hearing dated August 11, 1980, and the Amended Notice of Hearing dated August 12, 1980 instituting this proceeding is available for inspection at each business office of Michigan Consolidated Gas Company throughout its service area.

Rettenmaier-Taylor Speak Vows

Mary Ann Rettenmaier and Denis James Taylor were married Saturday, August 9, 1980, at St. Maria Goretti Church in Bay City, Michigan, by the Rev. Fr. William Taylor. Parents of the newlyweds are Mr. and Mrs. Robert Rettenmaier, 184 Easter Drive, Grayling, and Mrs. Virgil Taylor of Bay City.

The bride designed and tailored her wedding ensemble. Imported embroidered eyelet batiste was chosen for the jacketed gown, fashioned with a full ruffled chapel train. Silk Venice lace and pearls accented the bodice of the gown and jacket. Mary wore her mother's wedding-day crown and attached a hand-made illusion fingertip veil. She carried a white basket of silk flowers.

Mrs. Debra Seidell, of Holland, Michigan, and friend of the bride, was Matron of Honor. Mrs. Paula Snee, of Boston, Mass., and a cousin of the bride, and Mrs. Denis Sequin, of Bay City and friend of the bride, were bridesmaids. Yellow, peach, and baby-blue eyelet were the fabrics chosen for the bridesmaids' afternoon garden-style gowns. Each of the bridesmaids made her own gown, with satin ribbon bows accentuating silk flowers. All floral appointments were created by the groom's mother.

Larry Taylor, of Austin, Texas, and brother of the groom, was best man. Tom Ret-

tenmaier, of Bay City and brother of the bride, and Tom Sequin, of Bay City and friend of the groom, were groomsmen. Gehrie Taylor, of Bay City and brother of the groom, and Jim Baumer, of Bay City and friend of the groom, were ushers.

The groom wore a white cut-away tuxedo with tails. The bridesmaids and the father of the bride wore silver-gray tuxedos with satin lapels. Each wore shirts with color-coordinated ruffles and silk boutonnieres.

The mothers of the bride and groom, respectively, were attired in peach and turquoise polyester-sheer gowns for the occasion. Theresa Rettenmaier, of Anaheim, California, and Peggy Rettenmaier, of Big Rapids, Michigan, sisters of the bride, selected gowns of yellow Qiana and gray satin.

A reception-dinner-dance was held for the bridal couple at Williams Township Hall in Auburn, Michigan. A three-tiered wedding cake, with curving staircases leading to two side cakes, was created and artistically decorated by the mother of the groom.

Mr. and Mrs. Taylor will be residing in Bay City, Texas, where Mr. Taylor is a Quality Control Engineer for Champion, Inc.

Re-dedication at St. John Lutheran Church

It was a most inspiring Service on Sunday, August 17, 1980, at St. John Lutheran Church, as the Congregation officially dedicated itself to new quarters on Spruce Street.

At 3 p.m., the Choir and congregation sang the Processional, "The Church's One Foundation is Jesus Christ Her Lord". The Lessons were read by President, Mrs. Don Jansen and Vice President, Melvin Moore, the Gospel by Rev. Robert Haskel.

The Sermon was given by Dr. Raymond Heine, Bishop of the Michigan Synod, I.C.A. He used "Faith" as a theme for his message. As a Christian congregation, we will build our future in this Church building that God has ordained us to use to His Glory.

Following the Sermon, an Anthem, "How Great Thou Art" was rendered by the Choir, with solo parts sung by Mrs. William McLeod and Robert Petersen.

Rev. Haskel continued with the re-dedication of the Altar, the Pulpit and the Baptismal Font.

In closing, "Now Thank We All Our God," was sung, as a Recessional.

We thank our friends from other Churches who were present. Our voices blended in mutual harmony as we gave thanks to the God of all.

The women of St. John served refreshments in the Fellowship Room. It was a beautiful day.

Grayling Township Board

Regular Meeting
August 12, 1980

Members present: Bernard Fowler, Elizabeth Wieland, Evelyn Gardiner, Floyd Millikin, Marvin Hallett
Members absent: None

Others present: Richard Deakins, J.R. Champion, Renate Champion, Johanna Jurkovich, Mark Jurkovich, James E. Harris, Liwyn L. Wilson, Reba J. Wilson, Hilma Sastamoinen, Earl Sastamoinen, Richard Gildner, Bob Chappel, Edwin Hartig, Sally Hartig, Michelle Elmy, Andrea Stoll, David Van Hill, Barb Sojka, Cal Brenner, Suzanne Brenner, Paul Gildner, Daniel Bale, Carl Gildner, Clarence J. Ojala, Gerald F. Timmins, Anna M. Payne, Brian Wilson, Barry Wilson.

Meeting was called to order at 7:30 p.m. Motion by Millikin, supported by Hallett, the minutes of the Regular Meeting of 7-8-80 and the Special Meeting of 7-28-80 be approved as written. All ayes.

Treasurer's report was given. Motion by Hallett, supported by Millikin, it be accepted. All ayes.

1. Fowler gave a resume of P.A. 29, 1977, relative to the Township's responsibility to notify property owners within a 1500 foot radius of the proposals to license facilities for Adult Foster Care and Child Caring Institutions received from the Michigan Department of Social Services. License Application Notices were received as follows:
A. Sherwood Forest Subdivision No. 2-Lot 76 for Child Caring Institution - 7-31-80.

B. Clough's Highland Acres-Lots 52 and 53 for AFC small group home-8-1-80.

C. Red Wing Terrace-Lot 43 for AFC small group home-8-1-80. Citizens present inquired as to who initiated the facilities being located at the proposed sites, how far along are the plans, and what can be done to stop their locating on the proposed sites. A copy of a court ruling on the Act was offered and will be pursued with legal counsel. Comments offered included the safety of handicapped would be jeopardized in Clough's Subdivision due to several swimming pools, many dogs running loose, and no sidewalks. Several citizens indicated they were given the impression that the Township selected the sites. Fowler stated several months ago the County Board of Commissioners called upon Township Supervisors to obtain information relative to possible available parcels which would meet the criteria set by the Department of Social Services for the facilities being proposed, at which time many sites were noted. It was Fowlers understanding that neighborhood surveys would be obtained, and as in Alpena and Cadillac, if strong objection was raised, the sites would not be pursued. He and one Commissioner visited with two residents in the Clough's area at that time. How many other sites were viewed, residents contacted, and who selected the sites is unknown. No plans have been filed or permits applied for. The Township was made aware of the proposed sites selected on 7-31-80 and 8-1-80, and immediately notified the property owners involved.

Two petitions were received from residents of Clough's Highland Acres objecting to the proposed facility in that area.

Written protest was received from a property owner in Red Wing Terrace.

Written protest was also received from a property owner in Sherwood Forest Subdivision.

The time and date of a special meeting being called by the Commissioners with representative of the Department of Social Services will be sought and representatives of the three subdivisions will be notified.

Gardiner moved to adopt resolutions requesting the County Board of Commissioners and Department of Social Services find other sites for the facilities based on the objections filed by the residents involved in the three proposed sites. Motion supported by Hallett. All Ayes.

2. Capt. John Meredith, Airfield Commander, Camp Grayling, met relative to the complaints received and filed on the low flying helicopters over private property. Capt. Meredith explained the flight pattern, noise abatement requirements, and the training concept to fly at tree top levels over military land. The problems encountered were mostly during the period of June 28 through July 12 when an Army Reserve unit from Scott Air Force Base, Illinois, not familiar with the flying area of Camp Grayling, was here.

3. A request was received from the Crawford County Commission on Aging for financial support as the Department of Social Services cut all Purchase of Services Contracts by one-third. Fowler informed the Board he had met with the supervisors of South Branch, Lovells, and Frederic, who felt their Boards would support this request by the same percentage appropriated for in-kind funds last year. Grayling Township computed share is \$628.00. State Revenue Sharing received last week on the Special Census was prorated by 58 percent for this year and no supplemental was received for the balance due from last year which causes a drastic reduction in revenues of this years budget. Elimination of the Federal Revenue Sharing Program and the reduction of 1 mill from the County Allocation Board, necessitated dropping financial support of other programs. Gardiner moved that because funds are not available in the budget, the request from the Commission on Aging cannot be supported. Motion supported by Millikin. All ayes.

4. Correspondence received from the Airport Manager relative to support, benefits, improvements, and future goals of the Airport was reviewed. Fowler informed the Board this matter was also discussed with other Supervisors who would bring it before their Boards, but felt financial support would not be approved. It was their consensus that with the tax base to be generated by Weyerhaeuser, the County could appropriate sufficient funds for the Airport Budget and they would be willing to support such increase at the County Budget Hearing.

5. Notice was received from Senator Mitch Irwin relative to up-to-date data regarding the 1980-81 budget for the State.

6. Notice of the Governor's Statewide Growth Conference scheduled for August 21 and 22 at Ferris State College in Big Rapids was received from Roger Rehberg, Regional Director, Northeast Michigan Upper Great Lakes Regional Commission. Control of the urban-rural sprawl will be one main topic discussed. The Board felt representation from the Township is important so a schedule will be pursued by the Supervisor.

7. Correspondence from Miss Dig Utility Communication System was received relative to participation in an underground facilities notification system.

8. A copy of Lake Margrethe Property Owners Association newsletter "Ripples" was received and placed on file.

9. Notices of public hearings scheduled for Consumers Power Company by the Public Service Commission were received relative to reflecting changes in expense associated with interchange power on monthly billings and reconciliation of net revenues received with net recoverable expense incurred.

10. A copy of the Department of Natural Resources, Resource Recovery Division, newsletter "Waste Paper" highlighting recycler features was received. Discussion was held on creating a paper collection site possibly in conjunction with the transfer station. Cal Brenner indicated paper recycling revenues in Florida are used for beautification programs and appear to generate a lot of revenue.

11. A questionnaire was received from the Crawford County Community School Office relative to their public service program "Crawford County on the Move."

12. Notice of release of the third Federal Revenue Sharing payment was received from the Secretary of the U.S. Treasury.

13. No action was taken on the ballot received from the Chamber of Commerce for the election to their Board of Directors. Board felt private business should elect these Directors.

14. A copy of the correspondence to the Department of Natural Resources from the Water Quality Division relative to a discharge permit application at Hartwick Pines State Park was received.

15. Notice of a public hearing scheduled for Top O Michigan Rural Electric Company by the Public Service Commission was received relative to reflecting changes in expense associated with interchange power on monthly or seasonal billings.

16. A petition was received requesting a blacktopping project on Island Park Drive from property owners involved. This is a private road and would be at no cost to the Township other than time involved in creating a special assessment district. Fowler will obtain some cost estimates on the project.

17. Fowler gave a resume of the follow-up meeting he had with representatives of the City and the Fire Chief on the specifications and bids received on purchase of a new pump for the Fire Department. A decision to release the hold on the FMC Equipment was reached. Price comparisons of purchase of a new pump or renovating the 1969 pump were reviewed. Motion by Wieland, supported by Gardiner, to purchase purchase of a new pump instead of renovating the old pump. All ayes. Fowler will meet with the City and Fire Chief to obtain a recommendation for consideration.

18. Correspondence received from Elizabeth Blossom relative to her lots in the Portage Lake Park area was reviewed and referred to the Board of Appeals.

19. Fowler informed the Board of some property appraisals he had made for the County Road Commission and had stipulated the fee go to the General Fund of the Township.

20. No further information or report has been received from the District Office of the U.S. Census. Fowler reported an enumerator doing a follow up indicated many residents had been missed previously.

21. No legislation report was given.

22. Fowler informed the Board he would not be attending the National Convention of Towns and Townships.

23. The Assessing Report was received, reviewed, and placed on file. The ratio of assessments indicated in the initial county appraisal study of residential property was reviewed.

24. The Building Inspection-Ordinance Enforcement Report was also received, reviewed, and placed on file. The unsafe structure on M-72 East condemned and ordered demolished has been taken care of by the owner.

25. Fowler informed the Board that John Coor had been hired to replace Kenneth Rose at the Compactor Transfer Station.

26. Contacts are being pursued with the American Legion relative to the 4-et 8 Club's hazardous building.

27. Fowler distributed information he obtained on per capita Federal payments and outlays for the 1978 Fiscal Year of all states. Michigan receives the lowest return on the dollar of any other state.

28. Requirements for placing fixed millage on the ballot will be pursued.

29. A report was given on the progress of the Zoning Ordinance update. Legal review is needed and hearings will be scheduled for early fall.

30. The status of the pipe constructed by the city from the seepage lagoon area into the old dump site southeast of the City was reviewed.

Motion by Millikin, supported by Hallett, the bills as presented on vouchers 4371 through 4409 in the amount of \$5,245.68 be approved for payment. Roll Call: Gardiner-aye, Hallett-aye, Millikin-aye, Wieland-aye, Fowler-aye.

Motion by Millikin, supported by Hallett, meeting be adjourned. (10:15 p.m.) All ayes.

Vikings

(Continued from Page 1)

terbacks returning letterman John Juntilla a senior, and Ted Methner, a junior.

A good deal of the Viking's offensive punch will be found in its receivers. Klinger plans to provide area fans with a more flexible offense. The Vikings will pass more this year, and the result is a much more exciting, multiple offensive threat. Those on the squad who will be snaring passes all season are led by Seniors, Bill Roach, Tim Emerick, Richard Lange, Scott Dunkley, Erich Chrisman, Scott Hale, Phil Sabon, and Bill Fairbotham. Other receivers who will round out the passing offense are juniors, Don Bancroft, Tracy Fagan, Dan Lucksted, Terry Norman, Brad Trenary, Brian Yoder and Jamie Radebaugh.

The Viking offensive line will be spearheaded by Seniors Steve Allen, Mike Brackenbury, Mike Hoag, and Jay Schrader. Juniors who will also be on the front line include, Paul Brackenbury, Craig Collen, Bob Huether, Wayne Metzger, Jack and Joel Money, Roger Weatherly, and Mark Willoughby.

Rounding out the Viking grid squad are Tony Aguilion, receiver, Randy Borders, offensives lineman, David Burr, Receiver, Chris Conklin, offensives lineman, Bill Crouch, receiver, Todd Golnick and running back, Pat Hickey, receiver, Jeff Kortes, running back, Bill Martella, receiver, and Chip Durga, lineman.

The Viking squad has been working hard in these last few hot days of August, going double sessions in preparation for their season opener, but a recent millage defeat in Harrison has thrown doubt as to an opponent. Harrison was scheduled to meet the Vikings at home September 5th, but the millage defeat caused them to drop their athletic program. According to Athletic Manager

Mike Branch, another team is being sought for the first home game. In the event the Vikings are unable to find an opponent, their next scheduled game is against rival Roscommon, September 12th at Roscommon.
